

VISUAL PERCEPTION

FIND THE TWINS

Visual perception games train kids' eyes. The ability to carefully observe the shapes of letters and their placement in a word is a reading skill. Some common beginning reader problems like confusing "saw" and "was", or "b" and "d" are sometimes visual perception issues.

Can you SPY THE TWIN??

Find the twins in each group of pictures.

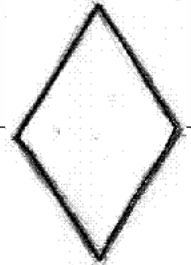

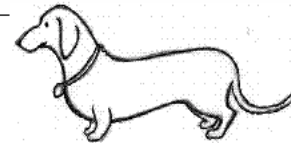

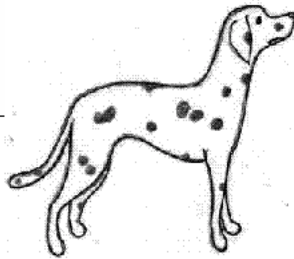

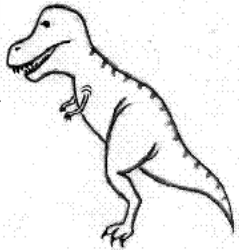

VISUAL PERCEPTION

FIND THE TWINS

Can you spy the twins??

Find the two words in each column that are exactly alike. (The words that are alike are also the ones that are spelled correctly.) You don't have to know how to read the words; just look carefully at all the letters in each word.

dinosaur	dallar	Dalmatian	desert	Dachshand	diamond
dinosaur	dollar	Dalmatian	dessert	Dachshund	daimond
dinosuar	dollar	dalmation	desset	Dachsund	diamond
dinasaur	dolar	Dalmitian	dessert	Dachshund	damond
