SPELLING

If you are like most kids you have a spelling test this Friday. Here is a way to study for that Friday test that feels more like playing a game than studying for a test.

Write the week's spelling words on the blanks around the basketball court. Once all the words have been written, correct the spelling. Correct answers are scored two or three points for the home team. Incorrect spellings are counted two or three points for the visiting team.

2 points for **Home** if right
2 points for **Visitors** if wrong
