

Side by Side

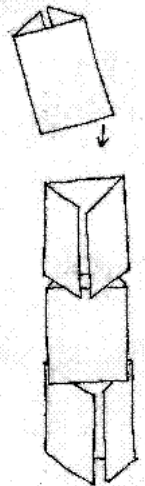

IDEAS for having **FUN** with your children

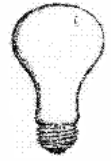

Stacking Game

How steady are your hands? Play this **Stacking Game** and don't be the one to knock the tower down!

Paper Tower

Side by Side

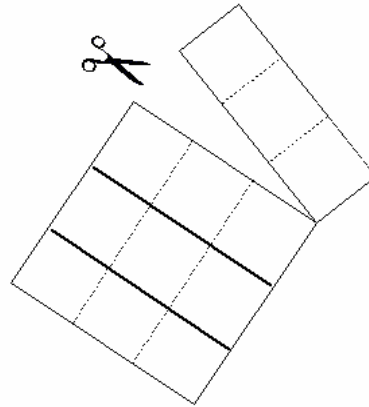

Idea #3

Stacking game

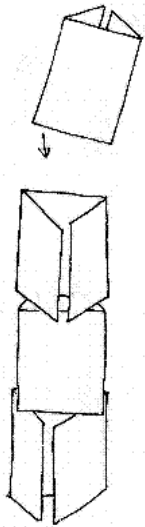

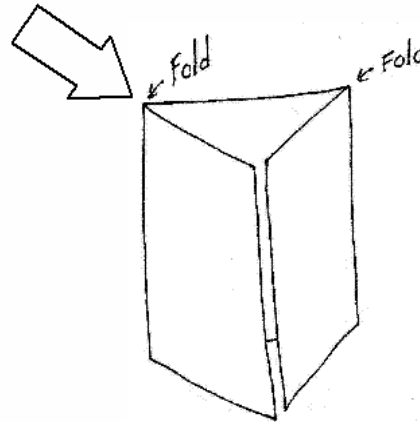

Directions

This game is played like "Jenga". You take turns stacking folded triangles of paper on top of each other. The first one to make the stack fall loses.

One: Cut out the cards along the **solid** lines.

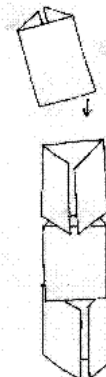

Two: Fold each card into a triangle, along the dotted lines.

Don't Let the tower Fall down

Three: Players take turns stacking a card on top of the previous card, as shown.

The player who stacks a card and makes the tower **FALL DOWN**, loses.
